Health & Safety Policy

The Club accepts responsibility within the Health and Safety at Work Act 1974 and the Management and Safety at Work Regulations 1992 and as amended by subsequent legislation; the safety, health and well being of staff during working hours and at other times when they are employed on the club's business.

The Club recognises its responsibilities with regard to fire and safety precautions and the provision of first aid facilities.

The club's formal policy, together with legislation, imposes on staff a duty to take all reasonable care for their own safety and the safety of other staff and visitors. It is the responsibility of the staff to bring to the attention of the managers anything that they consider to be a hazard to health or safety.

Fire Precautions

The fire instructions are placed in the Clubroom. You should make yourself familiar with the instructions and the fire exits within the building. The instructions should be followed upon hearing the fire alarm or discovering a fire. Please use the nearest exit. Do not stop to collect personal possessions. Do not re-enter the building. Report to the assembly point in the car park.

Smoking

The club's policy on smoking consists of restrictions and guidelines that are based on the needs of health, safety and the comfort of fellow members. The following restrictions apply: **smoking is not permitted on club premises.**

Accident and Safety Procedures

The club has first aid facilities located in the kitchen and the Umpires room. Public notices and copies for staff referring to health and safety are issued. Procedures are in place for the regular inspection of all the premises as well as the usual equipment checklists.

Equipment and Facility Checklists

It is the responsibility of the West Bridgford Sports Club to provide and maintain a safe facility. A safety checklist exists for both equipment and buildings – this is carried out by a designated person. If equipment is found to be unsafe then it is reported to the management committee.
